

Projects and activities

EUROPEAN PROJECTS

SRM is involved in several European projects.

Click [here](#) to check out the full list of EU projects.

DEGUSTIBUS

Degustibus is a webapp that allows SRM to conduct a continuous customer satisfaction about the perceived service quality of local public transport in Bologna among passengers.

The webapp Degustibus is structured in compliance with the UNI EN 13816/02.

EUROPEAN CYCLING CHALLENGE

The [European Cycling Challenge – ECC](#) is a urban cyclists team competition. It takes place every year from 1st to 31st May.

It is a challenge among European cities: the City that “cycle” more wins. The challenge is open to all people living in participating cities, or travelling to/from/across those

cities for work, study or other reasons.
